Give the Gift of Growing

Organic Growers School

THANK YOU!

We couldn't do it without you.

Dear Organic Grower,

Thank you!

A heartfelt thank-you to everyone who participated in and supported Organic Growers School programs in 2012 -- your participation and support made 2012 a successful year for organic education!

- Thank you to all of you who rounded up your registration for the Spring Conference
- Thank you to our advertisers, sponsors, and Growth Partners
- Thank you to everyone who helped spread the word about OGS through social media and in your community.

And special thanks to those of you who made financial contributions to our "Give the Gift of Growing" campaign in November and December.

Your contributions will help OGS provide more organic education in 2013 than ever before.

In 2013, OGS will expand options for commercial farmers at our Spring Conference with two Commercial Grower tracks. We will be doubling the number of hands-on workshops the Friday before the Spring Conference, adding content developed by and for urban gardeners, adding two new tracks - "Digging In: Anyone Can Garden Anywhere" and "Community Food" - and making scholarships available to more gardeners and farmers with limited resources.

If you haven't had time to make a financial contribution yet, and you'd like to - don't worry, there's still time! [Your support will help the Organic Growers School continue to provide affordable, accessible,](#)

Sneak Preview of 2013

Thanks to the support of our sponsors, Growth Partners, and individual contributors, OGS will be offering some exciting new educational opportunities in 2013:

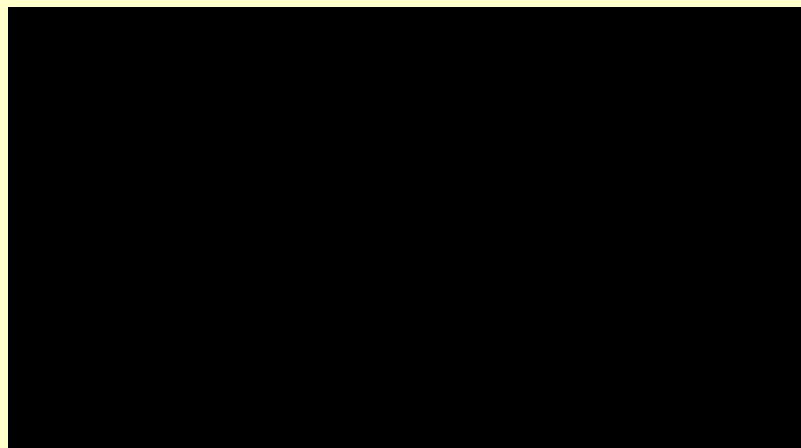

- OGS has **DOUBLED the number** of workshops, the hands-on Friday intensive, on the day before the 2013 Spring Conference.
- OGS's 2013 Spring Conference will feature **twice as many workshops for farmers** as this year's, with **TWO** tracks for commercial farmers for the first time.
- The 2013 Spring Conference will also feature **TWO NEW TRACKS: "Digging In: Anyone Can Garden Anywhere"** and **"Community Food."** Stay tuned for more details!
- OGS's CRAFT Farmer Education Program is offering **5 winter farmer roundtables**, providing educational opportunities and peer support as farmers plan for the upcoming growing season.
- OGS is partnering with urban gardeners in public housing and other low-income neighborhoods to create content focused on the

[practical organic education in 2013.](#)

Thank you again - we truly couldn't do it without you. With deep appreciation and best wishes for a new year full of good growing,

~The Staff & Board of Organic Growers School

PS: If you haven't seen our new video featuring local farmers and gardeners, you can [watch it by clicking here.](#)

particular **challenges and opportunities of urban gardening.**
