- planning, planting, production, and pests.
- Improve your established garden or start growing for the first time.

Date: April 1, 8, 15 (First 3 Tuesdays in April), 7-9pm
Location: Jubilee!, 46 Wall Street, Asheville, NC Cost: $15 per class for $40 for the series

Register online here!

Why grow organically; site, size, & design; soil & nutrient basics; seasons; tools; Q&A.
Seeds & transplants, common problems; composting & vermicomposting; edible yard; Q&A.

CLASS THREE
TUESDAY, APRIL 15, 2014

Mulch; water & fertility; compost tea; cover cropping & nutrients; disease & insects; Q&A.

Series taught by Ruth Gonzalez, a former market farmer, current gardener, and local food advocate. She has written numerous local food and gardening articles, blogs about local food at the Tailgate Market Fan Club and writes the Ask Ruth Gardening Column for Organic Growers School. As a Horticulture Consultant at Reems Creek Nursery, Ruth offers advice on all sorts of gardening questions, and benefits daily from the shared wisdom of local gardeners.

2014 Spring Conference Library is Up!

Handouts & Materials from the Conference

Did you go to a really amazing class but misplace the handout before you could make it home? Worry not! We've got digital copies of many of the handouts from your favorite classes, and we've shared them online in place we like to call The Spring Conference Library

If there is a particular handout you'd like to have but don't see on
