THE CRAFT FARM MEMBER COMMITMENT:

CRAFT farm members commit to:

- Enable their farmer interns/employees to participate fully and faithfully in the core CRAFT program (providing interns/employees with CRAFT handbooks, schedules, reminders, and time-off for events). The core CRAFT program includes the Apprentice Orientation, monthly workshops at member farms, intern exchanges, and informal visits between member farms.
- Willing to share expertise and experience with regional prospective farmers by agreeing to teach at one or more of the scheduled CRAFT events if requested.
- Consider serving on the CRAFT Steering Committee that guides the direction and planning of the regional CRAFT (one or two meetings each year in the winter months).
